What happens where?

Module 1 - From Idea to Audience 9-14 June, London

Will take you through each stage of the film and TV value chain from a European film industry perspective, including considerations in development, the commissioning process, financing and packaging to production, marketing, sales and distribution. Participants will hear first-hand from top executives working in all these areas and will have the opportunity to hear about current trends, to develop a better understanding of audiences and consumers

Module 2 - Getting Under the Hood of Hollywood 15-20 Sept, LA

Takes you to the heart of the US industry and covers both the studio and independent system. Participants will hear from experienced execs from across the value chain and experience at first hand the strategic and business-like approach of professionals working in Hollywood.

Module 3 - Business & Personal Development 18-22 Nov, London

Is all about your own professional and business development and personal growth. During this final week participants will take part in sessions on conflict management, negotiation and presentation skills. They will have the opportunity to give consideration to their own business plans.

Module 4 - Participant Graduation 8-9 Jan 2025, London

The exact details of the event are to be determined, but will include networking opportunities for current participants and previous alumni.

What our alumni say...

EDGAR DAARNHOUSER, HEAD OF SALES AND AQUISITIONS, PARADISO FILMED ENTERTAINMENT, IP 2022:

"Inside Pictures gave priceless direct exposure to the industry's top tier international companies and got us in the room with the highest level of producers and executives that run the business. To be at the forefront and drive those conversations with 19 fellow participants, who have become friends and network for life, fills me with gratitude."

KEITH KEHOE, INVESTMENT DIRECTOR, GREAT POINT MEDIA, IP 2023

"Inside Pictures is a transformative programme for film and TV professionals, delving into industry challenges and opportunities, while facilitating interactions with industry leaders. The sessions, expert speakers, and brilliant participants create a rich environment for reflection and personal development. The global perspective over three modules has enhanced my understanding of every aspect of the industry and greatly expanded my networks across the UK, Europe and the US."

THEMBISA COCHRANE, PRODUCER, CASPIAN FILMS, IP 2023

"Inside Pictures has really made me start to think about working on my business rather than in my business - I'm excited to pursue real company growth rather than just focusing on the films we make and I can't wait to see where that takes us. It has also been extremely good to be reminded of how many genuinely good, thoughtful and generous people work in our industry and that is inspiring and energising."

AMEENAH AYUB ALLEN, PRODUCER, IP 2021:

"Inside Pictures is international and has global leanings - this is more important than ever as the industry becomes more focused on international and diverse stories and the value of "difference" is recognised more and more."
